

## **THE BROLGA's STORY**

Tieri was established as a small mining town in 1983 similar to Middlemount and Dysart by Mount Isa Mines. The name of the town comes from the same Parish name for the area. It is named after a German Town. The main town centre streets are named after Cattle Stations that surround the Tieri site.

The primary school started in 1983 with 178 children. In 1986 the Hotel was completed and opened for business in October. The Hotel is one of only a very few properties not owned by the mine in town. The Hotel was owned and operated by the original owners until 2005 when the C Q Hotels Group bought it.
